

# JOSH MANDEL

## STATE TREASURER OF OHIO

By Lou Whitmire  
News Journal

"In Youngstown, they're putting on line the first new steel plant in over 50 years ... manufacturing pipes and tubes and fittings for oil and gas. In Lorain County, 100 new jobs with U.S. Steel to make steel ... Because of the great tradition here in Richland County of manufacturing, I think the county and many family manufacturing companies here can be a leader nationally in supporting exploration in the Utica and Marcellus," Mandel said, amid producing products for other gas and oil locations in the United States and other parts of the world including Brazil.
